

# Travel Case for Celestron C6 Telescope

Dr. John A. Allocca  
www.wb2lua.com 4/28/17

This soft case is meant for local travel, not for shipping. It will fit a C6 even with a 2" diagonal and finderscope without disassembling anything. It fits the C6 telescope and probably many others. It uses 1.5 inch thick foam for the inside. The inside dimensions are 21 x 10.5 x 10.5 inches. Use the left over foam pieces to pack the telescope in. The "Custom LeatherCraft 1111 24 All Purpose Construction Gear Bag with Outside Pockets" is available from Amazon for \$25. The foam can be purchased from most fabric stores. Cut the foam with a bread knife.
